

## **Governor Statement**

### **Lara Gillman**

Hello!

I've been a parent at the school for just over 6 years, my 2 children are in years 2 & 6 and they absolutely love coming to school every day! I hope by being a Parent Governor I can play a small part in supporting this wonderful school to continue to be a place children thrive and enjoy.

The vast majority of my career has been spent in the local public sector. For the past 18 years I have worked for Gloucestershire County Council and in my current role I am responsible for overseeing contract management and quality assurance for social care services that support adults living with disabilities. I believe my experience of working within an ever-changing political and legislative landscape will stand me in good stead of being able to support the teaching staff and be an effective governor. I am passionate about equality and inclusion and will always strive to be an advocate for people of all abilities and backgrounds.

Although between work and children there's not time for much else, we are currently in the process of renovating our home in Westbury so are very much on a steep learning curve in all things building work and DIY!

I look forward to meeting you soon at future school events.
