

## **Governor Statement**

### **Amanda Horniman**

I live in the neighbouring village of Tibberton and have recently retired from Headship at Tibberton School and Early Years. I have worked with Huntley school over the last 20 years and have enjoyed many trips and sporting competitions together.

I want to use my skills to continue to support primary aged children, school staff and the community in a local school. I hope my passion for excellent education and care for children will make me a useful and supportive part of the governor team.
