

Governor Statement

Anne Bryson

My background is schools finance and my first contact with Huntley Primary School was as a finance support officer working for the local authority. A few years later after we had moved to Huntley and the then Chair of the Finance Committee retired, I was asked if I would consider becoming a foundation governor. Except for a few months in 2015, I have been a governor at Huntley School since September 2000, supporting the school in whatever way I could.

I have served 2 terms as Chair of Governors and more recently, as co-chair, numerous terms as Chair of Finance or Resources Committee and also serve on the Ethos Committee. I have been involved in staff recruitment, supported Ofsted and SIAMs inspections, served as link governor for Maths and English and run photography clubs and other craft activities. I am proud to be a governor of Huntley Primary School.
